## Your Health Comes First An Important Update from SIMNSA Health Plan

As **SIMNSA** welcomes patients back into our facilities and re-open for routine care and specialty care appointments and procedures, our focus is on the safety of our members, patients and staff.

- **We strictly adhere to mask requirements and visitor restrictions. All staff are using personal protective equipment.**
- **These precautions, along with our intensive cleaning & hygiene regimens, create safe environments that promote social distancing and prevent the spread of COVID-19.**
- **Please continue to call our Customer Service Member number at 1-800-424-4652 before visiting our medical campuses to schedule an appointment with your doctor.**
- **SIMNSA is waiving all cost sharing for medically necessary COVID-19 testing/screenings at in network and out of network.**
